We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return if not satisfactory; money returned in full.

Several convicts narrowly escaped death. It is reported that the town of Prosperity has been swept away, but the wires are down and nothing can be learned. Torn and twisted trees mark the path of the storm and it is feared that immense damage has been done.

SAUL'S SUCCESSOR.

Nobody Knows Who He Will Be--Passenger Agent Fisher Talks.

General Passenger Agent W. H. Fisher has returned to the city.

He was seen by a SENTINEL reporter regarding his rumored appointment to succeed Manager G. W. Saul.

"I have very little to say," he said, "about that matter, except that the newspapers have had no authority whatever on which to base their statements. Manager Saul did not go east to confer with Elijah Smith, as had been intimated. Neither he nor I have seen him. The appointment of Mr. Saul's successor will probably not be known for a week yet, and I have no assurance whatever that I am thought of for the place."

"Has Mr. Saul relinquished his duties as manager of the Muncie?" asked the reporter.

"No."

"Has he accepted and entered upon his new duties for the Mackey system?"

"Yes, he returned to Chicago to-day. He retires from the Muncie the last of this month."

Mr. Fisher credits all the reports concerning him as having come from a dispatch appearing in the Cincinnati Enquirer from a correspondent at Wabash.

It is true of Mr. Fisher that he shrinks from newspaper notoriety. He is a little displeased at being elevated to the throne of management when he has had nothing from an official source to indicate that it was to be bestowed upon him.

However, if President Smith can find a man with more perfect qualifications for the place of general manager of the Muncie than Mr. Fisher has, that man must be a railroad marvel.

MAY RECEIVE THE CALL.

Rev. C. W. Carroll, of Steubenville, O., May be Chosen as the Congregational Pastor.

Rev. C. W. Carroll, of Steubenville, O., who occupied the pulpit yesterday at both services of the Plymouth Congregational church, will probably receive a unanimous call to the permanent pastorate of that church at a congregational meeting to be held Wednesday evening of this week.

His sermons yesterday were eloquent and able, and pleased the large audience in attendance. He is a brilliant pulpit orator, delivering his sermons without manuscript, and with that force, power and eloquence that makes them peculiarly impressive.

Rev. Carroll delivered a short talk yesterday afternoon at the Y. M. C. A. rooms. If the Congregational church should be able to secure him as their pastor he will be a valuable addition to our city ministry, for he is a scholar of rare attainments and an orator who will make his mark in Fort Wayne.

AN OKLAHOMA BOOM.

Lots in Lakeside Sold to the Value of $58,000--A Great Rush Made at the Start.

The rooms of the Fort Wayne Land and Improvement company, in the Pixley-Long block, presented the appearance of a board of trade this morning when the sale opened for the lots in the recently platted addition of "Lakeside."

According to the previously announced rule, the lots had to be purchased through real estate dealers exclusively.

At the hour of 11 o'clock, when THE SENTINEL reporter dropped in, there was still considerable confusion, and a great anxiety on the part of those present to grasp the best bargains.

At that time eighty-four lots had been disposed of at prices averaging $700 each, and netting $58,800.

The following lots were sold: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 32, 33, 34, 36, 37, 43, 44, 46, 47, 48, 52, 53, 54, 55, 56, 62, 63, 64, 65, 71, 72, 74, 75, 80, 81, 82, 83, 84, 88, 89, 90, 54, 95, 96, 99, 130, 157, 162, 212, 212, 213, 267, 278, 347, 357, 412, 413, 414, 415, 416, 417, 418, 419, 420.

The company to-day had a force of men planting posts so that the streets, avenues, &c., can be distinguished in the new addition.

Work will be commenced on the lake probably by April 1st.

MISS NELLIE BLY.

The Distinguished Lady Will Be in Fort Wayne Next Thursday.

The coming of Nellie Bly is the event of the week. She lectures at the Y. M. C. A. hall on Thursday evening, and every indication points to the fact she will be given a royal welcome, for her recent circumnavigation of the globe in seventy-two days has placed her forward among the lecturers of the world, and everybody will be anxious to hear her.

She may safely be said to be the most famous woman in America of the present day, and she has achieved this position entirely by her own efforts and in a marvellously short space of time. Jules Verne is compelled to take off his hat and acknowledge that "Around the World in Eighty Days" is no longer fiction, because around the world in seventy-two days in a fact.

Miss Bly's lecture consists of a very interesting description, which occupies an hour and a half, of her trip, and what she saw, heard, and did while on the fly. She has already met with the greatest success wherever she appeared, her lectures in New York and Boston having been attended by immense crowds who were anxious to see and hear her, and the press have united in pronouncing her lecture one of the most interesting of the present day.

BABY BARENDSE,

Three Months Old when Cured by the Use of

Steketee's Worm Destroyer.

Read What Its Mother says:

"The undersigned has a child only three months old. It became sick with pains in its bowels and stomach when scarcely two months old. It cried and whined nearly all the time, and was completely run down in flesh. We gave it everything that we thought would relieve a child but it grew worse all the time. We made twenty powders from a teaspoonful of Steketee's Worm Destroyer, gave it one powder three times daily. To our astonishment it was relieved of thousands of worms. We have given the child but twenty powders. It is entirely cured. I shall always recommend Steketee's Worm Destroyer. MRS B. BARENDSE,

SPRING politics are assuming an interesting phase.

ALL FOOL'S day will be here in one week from to-morrow.

A NUMBER of arrests of drunken men were made in the city yesterday. Somebody sold liquor in violation of the law.

REV. J. WEIR, of Bluffton, delivered two forcible and interesting sermons yesterday at the Second Presbyterian church.

SENATOR VOORHEES introduced Nellie Bly at Washington on the occasion of her lecture in that city to a large and cultivated audience.

WILL R. EMERY has an interesting letter descriptive of the beauties and vast resources of Texas in the Huntington Democrat of Saturday.

PRESIDENT HARRISON had drawn $50,000 of his salary March 4, and on the 13th he purchased two pieces of real estate in Indianapolis for $21,000.

THE jury in the Flack case at New York City Saturday brought in a verdict of guilty against all the defendants, James A. Flack, William L. Flack and Joseph Meeks.

THE subscription list of THE SENTINEL shows a handsome increase this morning, as will be seen by the affidavit of our business manager published at the top of this column.

A LIGHT snow fell during the night to remind us that although spring was here, winter would occasionally pay us her compliments as her retreating form disappears in the distance.

CALHOUN, in Illinois, is the banner county of the union. There is not within it a railroad, telegraph, bank or express office. The county jail has not had an inmate for five years and the courts rarely have any law suits to settle.

THE men's meeting at the Baptist Tabernacle yesterday afternoon was largely attended and Pastor Northrop delivered one of his always interesting talks. A cornetist and a male quartet led the singing and hymn slips and booklets were distributed.

REV. C. W. CARROLL, of Steubenville, O., preached at the Congregational church yesterday, both at the morning and evening services. His sermons were interesting, and of a high order of merit. He is a brilliant pulpit orator, and is understood to be a candidate for the vacant Congregational pulpit.

THE people of this city are promised a fine talk in this city on Friday evening, April 4, in Mr. Samuel Gomppers, the great labor champion, who will speak upon the eight-hour question. Mr. Gomppers is one of the representative men in labor circles and on economic questions, and he will undoubtedly be greeted by a tremendous audience.

THE Kokomo chewing gum factory begins operations Monday with 100 employes, thirty-five of whom will be women and girls. The demand for this prime article of necessity is increasing every day and Hoosier girls chew their share of it. Why wouldn't a chewing gum factory be a good thing to start in Fort Wayne.

THE services at the City department of the Young Men's Christian association yesterday afternoon were of a specially interesting character. The meeting was led by Secretary Bower, who made a brief but earnest and forcible talk, during which he read a poem entitled, "If Christ Should Come," written by Mr. W. D. Page, of this city, and published some time ago in the Chicago Interior. The sentiment contained in one of the verses,

"If He should come to-night,
And find me smitten by death's poisoned dart,
And bid me leave the dear ones of my heart,
Could I say, 'As Thou wilt,' and from them part,
If He should come to-night?"

Was commented on in an impressive way by Mr. Bower and shaped the nature of of the remarks made by the large number who participated in the after service. At the close of the services five young men arose for prayers. The meeting was largely attended.

THE NEXT APPORTIONMENT.

The expectation and belief that the statistics of population under the eleventh census will be compiled and the results made known early in August have already impelled men of both parties in congress who are of a mathematical turn of mind and have a fondness for the calculation of political probabilities, to begin to make figures and estimates of the membership of the house after the next apportionment of representatives.

The belief seems to be somewhat general that the next house will be composed of 353 members—or, if Idaho and Wyoming be admitted this year, of 355 members. On that basis, and if the apportionment should be made by this congress, the total number of electoral votes in 1892 would be either 437 or 443, and the successful candidate for president would have to receive in the first case 219 votes or more, and in the second case 222 votes or more.

On the basis of increase of population between 1870 and 1880, it is estimated that the total population according to the new census will be about 65,000,000, distributed as follows: New England states, 4,500,000; Middle States, (New York, New Jersey, Pennsylvania, Delaware, Maryland, and West Virginia, 15,000,000;) Southern States, including Kentucky and Missouri, 22,000,000; Western States, including Pacific states and states newly admitted or to be admitted, 23,500,000.

THE DEMOCRATIC PRIMARIES.

A CRUEL FAKE.

How Sheriff Squires, of Wabash, Was Brought to This City on a Wild Goose Chase.

This, from the Wabash Plain Dealer, tells of the trip of Sheriff Squires, of that place, to this city and the cruel fake of which he was made the victim:

"Sheriff Squires went to Fort Wayne early last Friday morning—not because he wanted to take the jaunt, but in the discharge of what he believed to be an official duty. An individual about town acquired the intelligence that the Fort Wayne police officers had arrested a man supposed to be the sneak thief who went through the county treasurer's office.

"In company with a fellow who went along to identify the criminal, this person had gone to Fort Wayne on Thursday evening, and during the night wired the sheriff that the crook had been spotted, and was then in hoc, and requested him to come at once. Mr. Squire took the 3 o'clock Wabash train for Fort Wayne, arriving in that city just as the policemen were coming in from their beats. The chief, having satisfied himself that the fellow arrested was not the party wanted, had turned him loose, and Mr. Squires, like the King of France, who "with twice ten thousand men marched up the hill and then marched down again," caught the local freight and landed at Andrews at 9 a. m.

"It was after twelve before he got a freight train out of Andrews, and when he reached Wabash he was in no mood to answer civilly the mocking queries of the court house rats. It had been reported that Sheriff Squires had bagged his game, and there was unfeigned disappointment when he informed an anxious public that he was the victim of a miserable 'fake.'"

Mr. J. F. Masters, cashier of Emmitt & Co's. bank at Waverly, Ohio, says: "I consider Chamberlain's Cough Remedy the best I have ever used. After using several other kinds, without benefit, I tried it and it quickly cured me, after years of suffering with an obstinate cough and throat trouble." 50 cent bottles for sale by George H. Loesch.

NEW YORK, March 22.—The meeting of the base ball magnates at the Fifth avenue hotel came to a close at 9:30 o'clock this morning. The information is given out that the Indianapolie players will come to New York. An eight club schedule has been adopted. This action freezes out the Washington club.

STRENGTH AND BEAUTY.

Amusement and Knowledge to be Acquired Free of Charge.

A rich treat is in store for all who attend the free lecture by Dr. Wilbur at the Masonic Temple Wednesday and Thursday, March 26 and 27, on Physical Culture, or "How to Acquire and Preserve Health, Strength and Beauty." Nowhere, outside of a medical college, can be found so extensive an anatomical cabinet as that used by the doctor in illustrating his lectures.

The Telegram-Herald of Grand Rapids says: "Powers opera house was packed from pit to dome last night to hear Dr. Wilbur's lecture on Physical Culture. The doctor is a very able and eloquent speaker, and is perfectly familiar with his subject and we cannot speak too highly of him and his lectures. He richly deserves the success which attends his efforts."

We'll Suppose a Case.

You are nervous and dyspeptic, your appetite flags, your slumber is broken or disturbed by uneasy dreams, or you court the sleepy god in vain. What shall you do? Try an alcoholic excitant to stimulate appetite, deaden the nerves at bed time with a narcotic? Neither of these. Try Hostetter's Stomach Bitters. It will, believe us, be more than a trial. You will continue to use this justly renowned nerve invigorant and stomachic. It is in the exigency supposed just what is wanted. It is a healthful stimulus to appetite and digestion, does not excite, but quiets the brain and nerves, is an excellent diuretic and a speedy reformer of a disordered condition of the liver and bowels. It counteracts a tendency to rheumatism, nullifies the prostrating effects of overwork, mitigates the infirmities of age, and hastens convalescence. Persons exposed to rough weather should use it as a preventive, as should also tired students and business men.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Mr. Joe Sunderland, of the Wabash baggage room, was out in Washington township yesterday to see his venerable father, who is dangerously ill.

William Stephen, son of the chief draughtsman of the Pittsburg shop, took a position as apprentice in the Pittsburg machine shop this morning.

Brakeman A. O. Moore, of the Nickel Plate, fell from a caboose and was badly bruised last Saturday. He is confined to the house under the care of Road Surgeon J. M. Dinnen.

Wm. Rogers, assistant foreman under J. C. Hewes, of the Pittsburg boiler shop, who has been seriously ill for some time, is slowly improving, and will soon resume his position.

General Superintendent Charles Watts passed east to Pittsburg on the Fort Wayne road last night. He was accompanied by his family with whom he spent Sunday at his old home in Logansport.

The Pennsylvania company was asked to build a branch from LaCrosse to Valparaiso, Ind., or, if not disposed to build the road, to back a company which was willing to do it; but, after looking the field over, the Pennsylvania people decided it could not be made a paying link, and gave no encouragement to the enterprise.

President Corbin, of the Reading railroad, has issued the following order: "All superintendents will be held strictly responsible for the enforcement of the rule relating to the use of intoxicating liquors by employes. Men who violate it must be promptly discharged, and proof that a man goes inside a drinking place while on duty will be ample evidence to warrant his dismissal. Men known to drink to excess or frequent drinking places while off duty must be discharged. When employing new men strict inquiry should be made as to their habits and preference always given to those who do not use intoxicating liquors at all. Heads of departments must keep informed as to the habits of the men under them and make sure that these rules are strictly observed."

Charles Stone, chief clerk for E. O. McCormick, general passenger agent of the Cincinnati, Hamilton and Dayton railroad, will, on April 1, take the position of general passenger agent of the Columbus and Hocking Valley road. He was educated in the passenger business under C. H. Rockwell, now general superintendent of the road, who well knows his ability. The position was offered to W. H. Fisher, general passenger agent of the Fort Wayne, Cincinnati and Louisville railroad, but Mr. Fisher preferred to remain in his present position.

There is good authority for stating that the officers of the Order of Railroad Conductors are seriously considering the calling of a special meeting, at which it is proposed to eliminate from their constitution and by-laws the clause which discountenances strikes of railroad employes under any circumstances. The passenger conductors claim that they have stood closer by the roads than the managers have by them. The trouble grows out of the numerous discharges of conductors in the last few months without giving them a hearing or reason for their discharge.

Hood's Sarsaparilla has the largest sale of any medicine before the public. Any honest druggist will confirm the statement.

On a recent visit to Iowa Mr. K. Dalton, of Luray, Russell Co., Kas., called at the laboratory of Chamberlain & Co., Des Moines, to show them his six-year-old boy, whose life had been saved by Chamberlain's Cough Remedy; it having cured him of a very severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the Remedy. He says it has an excellent reputation in his vicinity; that farmers come fifteen miles to his store for it and that many of them, like himself, are never without it in ther homes. For sale by Geo. H. Loesch.

LAKESIDE

The Sale of Lots to Commence Monday, March 24th at 9 a. m.

All real estate dealers now have the plat of the addition, the prices put upon lots, and the terms of sale.

The Company will consider no lot secured to the purchaser until its sale has been reported to the secretary at the office of the Company and the first payment made.

Up to 9 a. m., Monday, no lot can be secured. Every person given an equal chance for first choice.

Terms of sale, $50 or more down and $10 or more in monthly payments; or one-third down and balance in one and two years.

The company obligates itself to build a fine street along the north bank of the Maumee, not less than eighteen inches above high water mark, thus forever preventing any annoyance from high waters. It also obligates itsels to grade all streets and avenues, and put down sidewalks in front of every lot. It further binds itself to plant shade trees in front of all lots, lay out Boulevards, Parks and Lakes and make other improvements certain to make this magnificent addition the finest residence portion of the city.

To carry forward these improvements, the company has appropriated the sum of twenty-five thousand dollars, and work will be commenced at once and be vigorously prosecuted.

At the outset, the prices of lots will be fixed at just about half their real value, the prices thus fixed being subject to an advance any day the company so determines.

At the prices now fixed upon them, every lot ought to double in value within a year.

Why Not Give Everybody a Chance?

EDITOR SENTINEL:—As you are well aware, there was a primary held Saturday at the different polling places throughout the city to select delegates to nominate a democratic ticket on Saturday next. A great many democrats would like to know why proper notice was not given by the democratic township chairman through the columns of THE SENTINEL, of the delegate election, and thus give them an opportunity to come out and vote. What was the result? The entire number of votes cast at the primary Saturday will not equal the democratic vote of the Fifth ward.

This is not as it should be, for we are on the eve of a very important state and county election, and the vote of every democrat will be needed to assure success. A good way, in my judgment, is to get them all interested, and would not this have been a good time to begin.

If it was an oversight it shows poor generalship. Or is it possible that the democrats hereabouts are like the democratic state central committee that met at Indianapolis some ten days ago, which seemed afraid of its own shadow, and decided to await the action of the republicans.

Past political history should be heeded by those now at the head of the democratic party, which teaches that every time the party took the aggressive it was successful, while delay of action meant defeat.

The convention on Saturday next should be held at 7:30, p. m., so that the laboring men who have been chosen as delegates can attend and voice their sentiments, and not be obliged to lose a day or to give their proxy to some person who will not vote the sentiments of the constituents represented.

By giving publicity to the above you will oblige A DEMOCRAT.

Our Grand Millinery Opening will take place this week, Wednesday, Thursday and Friday, 26, 27 and 28, to which everybody is cordially invited. MERGENTHEIM'S BAZAAR, Northwest corner Calhoun and Main streets.

A NEW DEPARTURE.

Fort Wayne to Receive a New Departure in Her Business Interests.

Old residents—persons who lived here years ago—never in the history of Fort Wayne knew a time when its progress was as marked as at present. Progression is written everwhere and on all things. This is noticeable, not alone by this class, but even newcomers remark it, and it is this feature which attracts so many strangers. Our merchants keep pace with the rapid improvement, and we see them right up to the times in everything pertaining to their trade. Perhaps no one is more imbued with this spirit of enterprise than is Mr. E. Shuman, a man so well and favorably known in business circles, and indeed throughout the entire county. Mr. Shuman has determined on a departure which is distinctively metropolitan—one which contemplates a business of the greatest magnitude and which is seldom undertaken outside the much larger cities, yet the indomitable will power and energy which he possesses are a sure guarantee that he will be abundantly successful. This is the establishment in Fort Wayne of a department store, or "fair," where everything can be purchased—every conceivable article in use, from a pin to a complete housekeeping outfit. Mr. Shuman has entirely emptied his building at 43 East Main street, and the entire building, first, second and third floors—is being stocked with everything new and first-class—in fact, the finest line of goods ever shown in the city. When we say everything can be secured here, that is just what is meant, and persons need not leave the building to secure all the necessaries used in life, for they can all be found, and the quality is of the best. Such enterprise as this is to be commended, and that the proprietor will be amply rewarded for his labor and outlay by an immense patronage admits of not the least doubt.

The grand opening of the "Fair" has been announced for Thursday, March 27, and the visitors may expect not only a rich treat in the magnificent display of goods, but a surprise as well as the low cost of all things handled by Mr. Shuman, for while the feature is the most metropolitan, the prices remain at the same low figures for which the proprietor is noted for quoting.

In the new enterprise Mr. Shuman will have a general supervison, but the management is entrusted to Mr. L. B. Marks, a gentleman thoroughly well posted, and one who will prove a great help to the establishment. Messrs. Gilbert and Frank Shuman will also always be found in readiness to greet their friends, and the place is thus well equipped, and all are assured of good treatment. The ladies are especially invited to the opening, and each one will receive a handsome souvenir on the occasion.

"You have a wholesale department;" asked a SENTINEL reporter who visited Mr. Shuman this morning.

"Yes, our second floor is devoted to that purpose," was the reply. "We have a complete stock of tinware, glassware, crockeryware, hosiery, and in fact goods in many other lines which will be found here, and our wholesale department will be found to be full in every respect. Five car loads of merchandise having in the last few days been unloaded at our doors, we can show you a line of goods excelled by none. We own our building and, having surface room 120x450, we can fully display all goods we advertise. We will spare no pains to make our place the greatest money saving market in Northern Indiana. Our store will be known as the "Bargain House."

If you fail to attend Mergentheim's Millinery Opening this week, March 26, 27, 28 (Wednesday, Thursday and Friday) you will miss a treat, as we can conscientiously say that our opening this season will outshine anything ever before shown in Fort Wayne. "When I bought Hood's Sarsaparilla I made a good investment of one dollar in medicine for the first time. It has driven off rheumatism and improved my appetite so much that my boarding mistress says I must keep it locked up or she will be obliged to raise my board with every other boarder that takes Hood's Sarsaparilla." THOMAS BURRELL, 99 Tillary Street, Brooklyn, N. Y.

"I find Hood's Sarsaparilla the best remedy for impure blood I ever used." M. H. BAXTER, ticket agent, P. & R. Rd., Bound Brook, N. J.

"Hood's Sarsaparilla takes less time and quantity to show its effect than any other preparation." MRS. C. A. HUBBARD, N. Chili, N. Y.

"My wife had very poor health for a long time, suffering from indigestion, poor appetite, and constant headache. She tried everything we could hear of, but found no relief till she tried Hood's Sarsaparilla. She is now taking the third bottle, and never felt better in her life. We feel it our duty to recommend it to every one we know." GEORGE SOMERVILLE, Morcland, Cook County, Ill.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return if not satisfactory; money returned in full.

C., March 24.—During the cyclone which swept over this section on Saturday Mrs. Henrietta Esterling, who lives ten miles east of here, was about to give some medicine to her daughter, when the cyclone struck and demolished their house. STRIKE RESUMED!

SAUL'S SUCCESSOR.

Nobody Knows Who He Will Be--Passenger Agent Fisher Talks.

General Passenger Agent W. H. Fisher has returned to the city.

He was seen by a SENTINEL reporter regarding his rumored appointment to succeed Manager G. W. Saul.

"I have very little to say," he said, "about that matter, except that the newspapers have had no authority whatever on which to base their statements. Manager Saul did not go east to confer with Elijah Smith, as had been intimated. Neither he nor I have seen him. The appointment of Mr. Saul's successor will probably not be known for a week yet, and I have no assurance whatever that I am thought of for the place."

"Has Mr. Saul relinquished his duties as manager of the Muncie?" asked the reporter.

"No."

"Has he accepted and entered upon his new duties for the Meekey system?"

"Yes, he returned to Chicago to day. He retires from the Muncie the last of this month."

Mr. Fisher credits all the reports concerning him as having come from a dispatch appearing in the Cincinnati Enquirer from a correspondent at Wabash.

It is true of Mr. Fisher that he shrinks from newspaper notoriety. He is a little displeased at being elevated to the throne of management when he has had nothing from an official source to indicate that it was to be bestowed upon him.

However, if President Smith can find a man with more perfect qualifications for the place of general manager of the Muncie than Mr. Fisher has, that man must be a railroad marvel.

THE DEATHS.

The Work of the Reaper in Our Midst Since Saturday.

Saturday evening about supper time Mrs. C. G. Winch was seized with a stroke of appoplexy, and died before Dr. Porter could reach her bedside. The lady was the mother of Messrs. H. D., W. This is the second time that death has visited this family within a year, the other being a daughter bright and pretty, the pride of her father's home. Mr. Lynch has the deepest sympathy of all.

MAY RECEIVE THE CALL.

Rev. C. W. Carroll, of Steubenville, O., May be Chosen as the Congregational Pastor.

Rev. C. W. Carroll, of Steubenville, O., who occupied the pulpit yesterday at both services of the Plymouth Congregational church, will probably receive a unanimous call to the permanent pastorate of that church at a congregational meeting to be held Wednesday evening of this week.

His sermons yesterday were eloquent and able, and pleased the large audience in attendance. He is a brilliant pulpit orator, delivering his sermons without manuscript, and with that force, power and eloquence that makes them peculiarly impressive.

Rev. Carroll delivered a short talk yesterday afternoon at the Y. M. C. A. rooms. If the Congregational church should be able to secure him as their pastor he will be a valuable addition to our city ministry, for he is a scholar of rare attainments and an orator who will make his mark in Fort Wayne.

AN OKLAHOMA BOOM.

Lots in Lakeside Sold to the Value of $58,000--A Great Rush Made at the Start.

The rooms of the Fort Wayne Land and Improvement company, in the Pixley-Long block, presented the appearance of a board of trade this morning when the sale opened for the lots in the recently platted addition of "Lakeside."

According to the previously announced rule, the lots had to be purchased through real estate dealers exclusively.

At the hour of 11 o'clock, when THE SENTINEL reporter dropped in, there was still considerable confusion, and a great anxiety on the part of those present to grasp the best bargains.

At that time eighty-four lots had been disposed of at prices averaging $700 each, and netting $58,800.

The following lots were sold: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, 20, 21. 22, 23, 24, 25, 26, 27, 28, 29, 32, 33, 34, 36, 37, 43, 44, 46, 47, 48, 52, 53, 54, 55, 56, 62, 63, 64, 65, 71, 72, 74, 75, 80, 81, 82, 83, 84, 88, 89, 90, 94, 95, 96, 99, 130, 157, 162, 212, 212, 213, 267, 278, 317, 357, 412, 413, 414, 415, 416, 417, 418, 419, 420.

The first lot was bought by Mason Long.

The company to-day had a force of men planting posts so that the streets, avenues, &c., can be distinguished in the new addition.

Work will be commenced on the lake probably by April 1st.

MISS NELLIE BLY.

The Distinguished Lady Will Be in Fort Wayne Next Thursday.

The coming of Nellie Bly is the event of the week. She lectures at the Y. M. C. A. hall on Thursday evening, and every indication points to the fact she will be given a royal welcome, for her recent circumnavigation of the globe in seventy-two days has placed her forward among the lecturers of the world, and everybody will be anxious to hear her.

She may safely be said to be the most famous woman in America of the present day, and she has achieved this position entirely by her own efforts and in a marvellously short space of time. Jules Verne is compelled to take off his hat and acknowledge that "Around the World in Eighty Days" is no longer fiction, because around the world in seventy-two days in a fact.

Miss Bly's lecture consists of a very interesting description, which occupies an hour and a half, of her trip, and what she saw, heard, and did while on the fly. She has already met with the greatest success wherever she appeared, her lectures in New York and Boston having been attended by immense crowds who were anxious to see and hear her, and the press have united in pronouncing her lecture one of the most interesting of the present day.

"The undersigned has a child only three months old. It became sick with pains in its bowels and stomach when scarcely two months old It cried and whined nearly all the time, and was completely run down in flesh. We gave it everything that we thought would relieve a child bu it grew worse all the time. We made twenty powders from a teaspoonful of Steketee's Worm Destroyer, gave it one powder three times daily. To our astonishment it was relieved of thousands of worms. SPRING politics are assuming an interesting phase.

ALL FOOL'S day will be here in one week from to-morrow.

A NUMBER of arrests of drunken men were made in the city yesterday. Somebody sold liquor in violation of the law.

REV. J. WEIR, of Bluffton, delivered two forcible and interesting sermons yesterday at the Second Presbyterian church.

SENATOR VOORHEES introduced Nellie Bly at Washington on the occasion of her lecture in that city to a large and cultivated audience.

WILL R. EMERY has an interesting letter descriptive of the beauties and vast resources of TEXAS in the Huntington Democrat of Saturday.

PRESIDENT HARRISON had drawn $50,000 of his salary March 4, and on the 13th he purchased two pieces of real estate in Indianapolis for $21,000.

THE jury in the Flack case at New York City Saturday brought in a verdict of guilty against all the defendants, James A. Flack, William L. Flack and Joseph Meeks.

THE subscription list of THE SENTINEL shows a handsome increase this morning, as will be seen by the affidavit of our business manager published at the top of this column.

A LIGHT snow fell during the night to remind us that although spring was here, winter would occasionally pay us her compliments as her retreating form disappears in the distance.

CALHOUN, in Illinois, is the banner county of the union. There is not within it a railroad, telegraph, bank or express office. The county jail has not had an inmate for five years and the courts rarely have any law suits to settle.

THE men's meeting at the Baptist Tabernacle yesterday afternoon was largely attended and Pastor Northrop delivered one of his always interesting talks. A cornetist and a male quartet led the singing and hymn slips and booklets were distributed.

REV. C. W. CARROLL, of Steubenville, O., preached at the Congregational church yesterday, both at the morning and evening services. His sermons were interesting, and of a high order of merit. He is a brilliant pulpit orator, and is understood to be a candidate for the vacant Congregational pulpit.

THE people of this city are promised a fine talk in this city on Friday evening, April 4, in Mr. Samuel Gomppers, the great labor champion, who will speak upon the eight-hour question. Mr. Gomppers is one of the representative men in labor circles and on economic questions, and he will undoubtedly be greeted by a tremendous audience.

THE Kokomo chewing gum factory begins operations Monday with 100 employes, thirty-five of whom will be women and girls. The demand for this prime article of necessity is increasing every day and Hoosier girls chew their share of it. Why wouldn't a chewing gum factory be a good thing to start in Fort Wayne.

THE services at the City department of the Young Men's Christian association yesterday afternoon were of a specially interesting character. The meeting was led by Secretary Bower, who made a brief but earnest and forcible talk, during which he read a poem entitled, "If Christ Should Come," written by Mr. W. D. Page, of this city, and published some time ago in the Chicago Interior. The sentiment contained in one of the verses,

"If He should come to-night.
And find me stricken by death's poisoned dart,
And bid me leave the dear ones of my heart.
Could I say, 'As Thou will,' and from them part.
If He should come to-night?"

Was commented on in an impressive way by Mr. Bower and shaped the nature of of the remarks made by the large number who participated in the after service. At the close of the services five young men arose for prayers. The meeting was largely attended.

THE NEXT APPORTIONMENT.

The expectation and belief that the statistics of population under the eleventh census will be compiled and the results made known early in August have already impelled men of both parties in congress who are of a mathematical turn of mind and have a fondness for the calculation of political probabilities, to begin to make figures and estimates of the membership of the house after the next apportionment of representatives.

The belief seems to be somewhat general that the next house will be composed of 353 members—or, if Idaho and Wyoming be admitted this year, of 355 members. On that basis, and if the apportionment should be made by this congress, the total number of electoral votes in 1892 would be either 437 or 443, and the successful candidate for president would have to receive in the first case 219 votes or more, and in the second case 222 votes or more.

On the basis of increase of population between 1870 and 1880, it is estimated that the total population according to the new census will be about 65,000,000. distributed as follows: New England states, 4,500,000; Middle States, (New York, New Jersey, Pennsylvania, Delaware, Maryland, and West Virginia, 15,000,000;) Southern States, including Kentucky and Missouri, 22,000,000, Western States, including Pacific states and states newly admitted or to be admitted, 23,500,000.

THE DEMOCRATIC PRIMARIES.

A CRUEL FAKE.

How Sheriff Squires, of Wabash, Was Brought to This City on a Wild Goose Chase.

This, from the Wabash Plain Dealer, tells of the trip of Sheriff Squires, of that place, to this city and the cruel fake of which he was made the victim:

"Sheriff Squires went to Fort Wayne early last Friday morning—not because he wanted to take the jaunt, but in the discharge of what he believed to be an official duty. An individual about town acquired the intelligence that the Fort Wayne police officers had arrested a man supposed to be the sneak thief who went through the county treasurer's office.

"In company with a fellow who went along to identify the criminal, this person had gone to Fort Wayne on Thursday evening, and during the night wired the sheriff that the crook had been spotted, and was then in hoc, and requested him to come at once. Mr. Squire took the 3 o'clock Wabash train for Fort Wayne, arriving in that city just as the policemen were coming in from their beats. The chief, having satisfied himself that the fellow arrested was not the party wanted, had turned him loose, and Mr. Squires, like the King of France, who "with twice ten thousand men marched up the hill and then marched down again," caught the local freight and landed at Audrews at 9 a. m.

"It was after twelve before he got a freight train out of Audrews, and when he reached Wabash he was in no mood to answer civilly the mocking queries of the court house rats. It had been reported that Sheriff Squires had bagged his game, and there was unfeigned disappointment when he informed an anxious public that he was the victim of a miserable 'fake.'"

STRENGTH AND BEAUTY.

Amusement and Knowledge to be Acquired Free of Charge.

A rich treat is in store for all who attend the free lecture by Dr. Wilbur at the Masonic Temple Wednesday and Thursday, March 26 and 27, on Physical Culture, or "How to Acquire and Preserve Health, Strength and Beauty." Nowhere, outside of a medical college, can be found so extensive an anatomical cabinet as that used by the doctor in illustrating his lectures.

The Telegram-Herald of Grand Rapids says: "Powers opera house was packed from pit to dome last night to hear Dr. Wilbur's lecture on Physical Culture. The doctor is a very able and eloquent speaker, and is perfectly familiar with his subject and we cannot speak too highly of him and his lectures. He richly deserves the success which attends his efforts."

We'll Suppose a Case.

You are nervous and dyspeptic, your appetite flags, your slumber is broken or disturbed by uneasy dreams, or you court the sleepy god in vain. What shall you do? Try an alcoholic excitant to stimulate appetite, deaden the nerves at bed time with a narcotic? Neither of these. Try Hostetter's Stomach Bitters. It will, believe us, be more than a trial. You will continue to use this justly renowned nerve invigorant and stomachic. It is in the exigency supposed just what is wanted. It is a healthful stimulus to appetite and digestion, does not excite, but quiets the brain and nerves, is an excellent diuretic and a speedy reformer of a disordered condition of the liver and bowels. It counteracts a tendency to rheumatism, mollifies the infirmities of age, and hastens convalescence. Persons exposed to rough weather should use it as a preventive, as should also tired students and business men.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. The Sale of Lots to Commence Monday, March 24th at 9 a. m.

All real estate dealers now have the plat of the addition, the prices put upon lots, and the terms of sale.

The Company will consider no lot secured to the purchaser until its sale has been reported to the secretary at the office of the Company and the first payment made.

Up to 9 a. m., Monday, no lot can be secured. Every person given an equal chance for first choice.

Terms of sale, $50 or more down and $10 or more in monthly payments; or one-third down and balance in one and two years.

The company obligates itself to build a fine street along the north bank of the Maumee, not less than eighteen inches above high water mark, thus forever preventing any annoyance from high waters. It also obligates itsels to grade all streets and avenues, and put down sidewalks in front of every lot. It further binds itself to plant shade trees in front of all lots, lay out Boulevards, Parks and Lakes and make other improvements certain to make this magnificent addition the finest residence portion of the city.

To carry forward these improvements, the company has appropriated the sum of twenty-five thousand dollars, and work will be commenced at once and be vigorously prosecuted.

At the outset, the prices of lots will be fixed at just about half their real value, the prices thus fixed being subject to an advance any day the company so determines.

At the prices now fixed upon them, every lot ought to double in value within a year.

Why Not Give Everybody a Chance?

EDITOR SENTINEL:—As you are well aware, there was a primary held Saturday at the different polling places throughout the city to select delegates to nominate a democratic ticket on Saturday next. A great many democrats would like to know why proper notice was not given by the democratic township chairman through the columns of THE SENTINEL, of the delegate election, and thus give them an opportunity to come out and vote. What was the result? The entire number of votes cast at the primary Saturday will not equal the democratic vote of the Fifth ward.

This is not as it should be, for we are on the eve of a very important state and county election, and the vote of every democrat will be needed to assure success. A good way, in my judgment, is to get them all interested, and would not this have been a good time to begin.

If it was an oversight it shows poor generalship. Or is it possible that the democrats hereabouts are like the democratic state central committee that met at Indianapolis some ten days ago, which seemed afraid of its own shadow, and decided to await the action of the republicans.

Past political history should be heeded by those now at the head of the democratic party, which teaches that every time the party took the aggressive it was successful, while delay of action meant defeat.

The convention on Saturday next should be held at 7:30, p. m., so that the laboring men who have been chosen as delegates can attend and voice their sentiments, and not be obliged to lose a day or to give their proxy to some person who will not vote the sentiments of the constituents represented.

By giving publicity to the above you will oblige A DEMOCRAT.

A NEW DEPARTURE.

Fort Wayne to Receive a New Departure in Her Business Interests.

Old residents—persons who lived here years ago—never in the history of Fort Wayne knew a time when its progress was as marked as at present. Progression is written everwhere and on all things. This is noticeable, not alone by this class, but even newcomers remark it, and it is this feature which attracts so many strangers. Our merchants keep pace with the rapid improvement, and we see them right up to the times in everything pertaining to their trade. Perhaps no one is more imbued with this spirit of enterprise than is Mr. E. Shuman, a man so well and favorably known in business circles, and indeed throughout the entire county. Mr. Shuman has determined on a departure which is distinctively metropolitan—one which contemplates a business of the greatest magnitude and which is seldom undertaken outside the much larger cities,' yet the indomitable will power and energy which he possesses are a sure guarantee that he will be abundantly successful. This is the establishment in Fort Wayne of a department store, or "fair," where everything can be purchased—every conceivable article in use, from a pin to a complete housekeeping outfit. Mr. Shuman has entirely emptied his building at 13 East Main street, and the entire building, first, second and third floors—is being stocked with everything new and first-class—in fact, the finest line of goods ever shown in the city. When we say everything can be secured here, that is just what is meant, and persons need not leave the building to secure all the necessaries used in life, for they can all be found, and the quality is of the best. Such enterprise as this is to be commended, and that the proprietor will be amply rewarded for his labor and outlay by an immense patronage admits of not the least doubt.

The grand opening of the "Fair" has been announced for Thursday, March 27, and the visitors may expect not only a rich treat in the magnificent display of goods, but a surprise as well as the low cost of all things handled by Mr. Shuman, for while the feature is the most metropolitan, the prices remain at the same low figures for which the proprietor is noted for quoting.

In the new enterprise Mr. Shuman will have a general supervison, but the management is entrusted to Mr. L. B. Marks, a gentleman thoroughly well posted, and one who will prove a great help to the establishment. Messrs. Gilbert and Frank Shuman will also always be found in readiness to greet their friends, and the place is thus well equipped, and all are assured of good treatment. The ladies are especially invited to the opening, and each one will receive a handsome souvenir on the occasion.

"You have a wholesale department?" asked a SENTINEL reporter who visited Mr. Shuman this morning.

"Yes, our second floor is devoted to that purpose," was the reply. "We have a complete stock of tinware, glassware, crockeryware, hosiery, and in fact goods in many other lines which will be found here, and our wholesale department will be found to be full in every respect. Five car loads of merchandise having in the last few days been unloaded at our doors, we can show you a line of goods excelled by none. We own our building and, having surface room 120x450, we can fully display all goods we advertise. We will spare no pains to make our place the greatest money saving market in Northern Indiana. Our store will be known as the "Bargain House."

If you fail to attend Mergentheim's Millinery Opening this week, March 26, 27, 28 (Wednesday, Thursday and Friday) you will miss a treat, as we can conscientiously say that our opening this season will outshine anything ever before shown in Fort Wayne. MERGENTHEIM'S BAZAAR, Northwest corner Calhoun and Main streets.

The combination, proportion and preparation are peculiar to Hood's Sarsaparilla, giving it curative power not possessed by other medicines. It effects remarkable cures where others fail.

"I consider Hood's Sarsaparilla the best medicine I ever used. It gives me an appetite and refreshing sleep, and keeps the cold out." J. S. FOGG, 106 Spruce Street, Portland, Me.

Is the best blood purifier before the public. It overcomes that extreme tired feeling, and builds up the system.

Purifies the Blood

"When I bought Hood's Sarsaparilla I made a good investment of one dollar in medicine for the first time. It has driven off rheumatism and improved my appetite so much that my boarding mistress says I must keep it locked up or she will be obliged to raise my board with every other boarder that takes Hood's Sarsaparilla." THOMAS BURRELL, 99 Tillary Street, Brooklyn, N. Y.

"I find Hood's Sarsaparilla the best remedy for impure blood I ever used." M. H. BAXTER, ticket agent, P. & R. Rd., Bound Brook, N. J.

"Hood's Sarsaparilla takes less time and quantity to show its effect than any other preparation." MRS. C. A. HUBBARD, N. Chili, N. Y.

"My wife had very poor health for a long time, suffering from indigestion, poor appetite, and constant headache. She tried everything we could hear of, but found no relief till she tried Hood's Sarsaparilla. She is now taking the third bottle, and never felt better in her life. We feel it our duty to recommend it to every one we know." GEORGE SOMERVILLE, Moreland, Cook County, Ill.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return if not satisfactory; money returned in full.

Death and Destruction Wrought by a Tornado That Sweeps Over Parts of South Carolina.

CAMDEN, S. C., March 24.—During the cyclone which swept over this section on Saturday Mrs. Henrietta Esterling, who lives ten miles east of here, was about to give some medicine to her daughter, when the cyclone struck and demolished their house. Mrs. Esterling was killed, but the daughter escaped without serious injury.

COLUMBIA, S. C., March 24.—The fury of Saturday's cyclone was principally felt in Sumpter. Every house was shaken to its foundation, roofs were carried away, fences demolished and trees uprooted. Ida Richardson was killed by a falling house; two men, names unknown, were fatally injured, and many persons were badly bruised and cut. Mathinson's machinery depot was demolished, and two large sheds of the Atlantic Coast railroad were blown down, while the Baptist church, the jail, and a factory are badly damaged.

The bridge over the Spartansburg, Union and Columbia river was blown off the piers into the river and completely demolished. An unknown man standing on the bridge was carried down with it. In Chester county the tornado did great damage. Several small villages are also badly wrecked. At Edgemore, the Dutch Reformed church and railroad depot were blown down. At Blackstock the academy buildings were destroyed and several smaller structures blown down. One woman and several children are reported fatally injured.

In Orange county many houses were unroofed. In this city the immense slate roof of the state penitentiary was torn from its position and thrown down upon adjoining buildings. Several convicts narrowly escaped death. It is reported that the town of Prosperity has been swept away, but the wires are down and nothing can be learned. Torn and twisted trees mark the path of the storm and it is feared that immense damage has been done.

SAUL'S SUCCESSOR.

Nobody Knows Who He Will Be—Passenger Agent Fisher Talks.

General Passenger Agent W. H. Fisher has returned to the city.

He was seen by a SENTINEL reporter regarding his rumored appointment to succeed Manager G. W. Saul.

"I have very little to say," he said, "about that matter, except that the newspapers have had no authority whatever on which to base their statements. Manager Saul did not go east to confer with Elijah Smith, as had been intimated. Neither he nor I have seen him. The appointment of Mr. Saul's successor will probably not be known for a week yet, and I have no assurance whatever that I am thought of for the place."

"Has Mr. Saul relinquished his duties as manager of the Muncie?" asked the reporter.

"No."

"Has he accepted and entered upon his new duties for the Mackey system?"

"Yes, he returned to Chicago to-day. He retires from the Muncie the last of this month."

Mr. Fisher credits all the reports concerning him as having come from a dispatch appearing in the Cincinnati Enquirer from a correspondent at Wabash.

It is true of Mr. Fisher that he shrinks from newspaper notoriety. He is a little displeased at being elevated to the throne of management when he has had nothing from an official source to indicate that it was to be bestowed upon him.

However, if President Smith can find a man with more perfect qualifications for the place of general manager of the Muncie than Mr. Fisher has, that man must be a railroad marvel.

A GUILTY CROWD.

An Army of Subjects at Police Court To-day.

The mayor's docket contained more than the ordinary batch of cases this morning, as a result of which the patrol wagon was taxed to its utmost accommodation to transfer the prisoners to jail.

George N. Sample, of Hartford City, went through the pockets of a pair of pantaloons belonging to David Croy, at the boarding house of John Lazarus, near the north depot. He was bound over for trial.

Frank Clark, arrested by Officer Lapp for drunkenness, got thirty-five days in jail.

L. Pilcher, arrested by Officer Bandeau, was fined $1 and costs.

John McClellan was arrested by Officer Richter for drunkenness. Fined $1 and costs.

William Kaylor was fined $1 and costs for drunkenness.

David Brown was arraigned on the charge of assault and battery and raising a domestic disturbance. Brown's wife, a very respectable woman, was the prosecuting witness. He was fined $5 and costs.

John McGuinn and John Murray were arrested by Officer Patton in a boarding house. Both were fined for drunkenness.

William Rafferty pleaded guilty to intoxication. The arrest was made by Officer O'Ryan, who found him raising a disturbance. Fined $5 and costs.

William Matrom, arrested by Officer O'Ryan, was fined $1 and costs.

Lonnin Crusce pleaded not guilty to assault and battery on William Harp, who swore against him. Officer O'Ryan made the arrest and substantiated the evidence. The mayor assessed a fine of $10 and costs.

Frank Hogan pleaded guilty to drunkenness. Fine paid.

John Ryan and George Baker were arrested by Officer Quinn for intoxication.

MAY RECEIVE THE CALL.

Rev. C. W. Carroll of Steubenville, O., May be Chosen as the Congregational Pastor.

Rev. C. W. Carroll, of Steubenville, O., who occupied the pulpit yesterday at both services of the Plymouth Congregational church, will probably receive a unanimous call to the permanent pastorate of that church at a congregational meeting to be held Wednesday evening of this week.

His sermons yesterday were eloquent and able, and pleased the large audience in attendance. He is a brilliant pulpit orator, delivering his sermons without manuscript, and with that force, power and eloquence that makes them peculiarly impressive.

Rev. Carroll delivered a short talk yesterday afternoon at the Y. M. C. A. rooms. If the Congregational church should be able to secure him as their pastor he will be a valuable addition to our city ministry, for he is a scholar of rare attainments and an orator who will make his mark in Fort Wayne.

AN OKLAHOMA BOOM.

Lots in Lakeside Sold to the Value of $58,000—A Great Rush Made at the Start.

The rooms of the Fort Wayne Land and Improvement company, in the Pixley-Long block, presented the appearance of a board of trade this morning when the sale opened for the lots in the recently platted addition of "Lakeside."

According to the previously announced rule, the lots had to be purchased through real estate dealers exclusively.

At the hour of 11 o'clock, when THE SENTINEL reporter dropped in, there was still considerable confusion, and a great anxiety on the part of those present to grasp the best bargains.

At that time eighty-four lots had been disposed of at prices averaging $700 each, and netting $58,800.

The following lots were sold: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 32, 33, 34, 36, 37, 43, 44, 46, 47, 48, 52, 53, 54, 55, 56, 62, 63, 64, 65, 71, 72, 74, 75, 80, 81, 82, 83, 84, 88, 89, 90, 94, 95, 96, 99, 130, 157, 162, 212, 212, 213, 267, 278, 347, 357, 112, 413, 414, 415, 416, 417, 418, 119, 420.

The first lot was bought by Mason Long.

The company to-day had a force of men planting posts so that the streets, avenues, &c., can be distinguished in the new addition.

Work will be commenced on the lake probably by April 1st.

MISS NELLIE BLY.

The Distinguished Lady Will Be in Fort Wayne Next Thursday.

The coming of Nellie Bly is the event of the week. She lectures at the Y. M. C. A. hall on Thursday evening, and every indication points to the fact she will be given a royal welcome, for her recent circumnavigation of the globe in seventy-two days has placed her forward among the lecturers of the world, and everybody will be anxious to hear her.

She may safely be said to be the most famous woman in America of the present day, and she has achieved this position entirely by her own efforts and in a marvellously short space of time. Jules Verne is compelled to take off his hat and acknowledge that "Around the World in Eighty Days" is no longer fiction, because around the world in seventy-two days is a fact.

Miss Bly's lecture consists of a very interesting description, which occupies an hour and a half, of her trip, and what she saw, heard, and did while on the fly. She has already met with the greatest success wherever she appeared, her lectures in New York and Boston having been attended by immense crowds who were anxious to see and hear her, and the press have united in pronouncing her lecture one of the most interesting of the present day.

BABY BARENDSE,

Three Months Old When Cured by the Use of

Steketee's Worm Destroyer.

Read What Its Mother says:

"The undersigned has a child only three months old. It became sick with pains in its bowels and stomach when scarcely two months old. It cried and writhed nearly all the time, and was completely run down in flesh. We gave it everything that we thought would relieve a child but it grew worse all the time. We made twenty powders from a teaspoonful of Steketee's Worm Destroyer, gave it one powder three times daily. To our astonishment it was relieved of thousands of worms. We have given the child but twenty powders. It is entirely cured. I shall always recommend Steketee's Worm Destroyer. MRS. H. BARENDSE,

SPRING politics are assuming an interesting phase.

ALL FOOL'S day will be here in one week from to-morrow.

A NUMBER of arrests of drunken men were made in the city yesterday. Somebody sold liquor in violation of the law.

REV. J. WEIR, of Bluffton, delivered two forcible and interesting sermons yesterday at the Second Presbyterian church.

SENATOR VOORHEES introduced Nellie Bly at Washington on the occasion of her lecture in that city to a large and cultivated audience.

WILL R. EMERY has an interesting letter descriptive of the beauties and vast resources of Texas in the Huntington Democrat of Saturday.

PRESIDENT HARRISON had drawn $50,000 of his salary March 4, and on the 13th he purchased two pieces of real estate in Indianapolis for $21,000.

THE jury in the Flack case at New York City Saturday brought in a verdict of guilty against all the defendants, James A. Flack, William L. Flack and Joseph Meeks.

THE subscription list of THE SENTINEL shows a handsome increase this morning, as will be seen by the affidavit of our business manager published at the top of this column.

A LIGHT snow fell during the night to remind us that although spring was here, winter would occasionally pay us her compliments as her retreating form disappears in the distance.

CALHOUN, in Illinois, is the banner county of the union. There is not within it a railroad, telegraph, bank or express office. The county jail has not had an inmate for five years and the courts rarely have any law suits to settle.

THE men's meeting at the Baptist Tabernacle yesterday afternoon was largely attended and Pastor Northrop delivered one of his always interesting talks. A cornetist and a male quartet led the singing and hymn slips and booklets were distributed.

REV. C. W. CARROLL, of Steubenville, O., preached at the Congregational church yesterday, both at the morning and evening services. His sermons were interesting, and of a high order of merit. He is a brilliant pulpit orator, and is understood to be a candidate for the vacant Congregational pulpit.

THE people of this city are promised a fine talk in this city on Friday evening, April 4, in Mr. Samuel Gompers, the great labor champion, who will speak upon the eight-hour question. Mr. Gomppers is one of the representative men in labor circles and on economic questions, and he will undoubtedly be greeted by a tremendous audience.

THE Kokomo chewing gum factory begins operations Monday with 100 employes, thirty-five of whom will be women and girls. The demand for this prime article of necessity is increasing every day and Hoosier girls chew their share of it. Why wouldn't a chewing gum factory be a good thing to start in Fort Wayne.

THE services at the City department of the Young Men's Christian association yesterday afternoon were of a specially interesting character. The meeting was led by Secretary Bower, who made a brief but earnest and forcible talk, during which he read a poem entitled, "If Christ Should Come," written by Mr. W. D. Page, of this city, and published some time ago in the Chicago Interior. The sentiment contained in one of the verses,

"If He should come to-night,
And find me standing by death's pot-pooed dart,
And bid me leave the dear ones of my heart,
Could I say, 'As Thou will,' and from them part,
If He should come to-night?"

Was commented on in an impressive way by Mr. Bower and shaped the nature of the remarks made by the large number who participated in the after service. At the close of the services five young men arose for prayers. The meeting was largely attended.

THE NEXT APPORTIONMENT.

The expectation and belief that the statistics of population under the eleventh census will be compiled and the results made known early in August have already impelled men of both parties in congress who are of a mathematical turn of mind and have a fondness for the calculation of political probabilities, to begin to make figures and estimates of the membership of the house after the next apportionment of representatives.

The belief seems to be somewhat general that the next house will be composed of 353 members—or, if Idaho and Wyoming be admitted this year, of 355 members. On that basis, and if the apportionment should be made by this congress, the total number of electoral votes in 1892 would be either 437 or 443, and the successful candidate for president would have to receive in the first case 219 votes or more, and in the second case 222 votes or more.

On the basis of increase of population between 1870 and 1880, it is estimated that the total population according to the new census will be about 65,000,000, distributed as follows: New England states, 4,500,000; Middle States, (New York, New Jersey, Pennsylvania, Delaware, Maryland, and West Virginia, 15,000,000; Southern State, including Kentucky and Missouri, 22,000,000; Western States, including Pacific states and states newly admitted or to be admitted, 23,500,000.

A CRUEL FAKE.

How Sheriff Squires, of Wabash, Was Brought to This City on a Wild Goose Chase.

This, from the Wabash Plain Dealer, tells of the trip of Sheriff Squires, of that place, to this city and the cruel fake of which he was made the victim:

"Sheriff Squires went to Fort Wayne early last Friday morning—not because he wanted to make the jaunt, but in the discharge of what he believed to be an official duty. An individual about town acquired the intelligence that the Fort Wayne police officers had arrested a man supposed to be the sneak thief who went through the county treasurer's office.

"In company with a fellow who went along to identify the criminal, this person had gone to Fort Wayne on Thursday evening, and during the night wired the sheriff that the crook had been spotted, and was then in hoc, and requested him to come at once. Mr. Squire took the 3 o'clock Wabash train for Fort Wayne, arriving in that city just as the policemen were coming in from their beats. The chief, having satisfied himself that the fellow arrested was not the party wanted, had turned him loose, and Mr. Squires, like the King of France, who "with twice ten thousand men marched up the hill and then marched down again," caught the local freight and landed at Andrews at 9 a. m.

"It was after twelve before he got a freight train out of Andrews, and when he reached Wabash he was in no mood to answer civilly the mocking queries of the court house rats. It had been reported that Sheriff Squires had bagged his game, and them was unfeigned disappointment when he informed an anxious public that he was the victim of a miserable 'fake.'"

STRENGTH AND BEAUTY.

Amusement and Knowledge to be Acquired Free of Charge.

A rich treat is in store for all who attend the free lecture by Dr. Wilbur at the Masonic Temple Wednesday and Thursday, March 26 and 27, on Physical Culture, or "How to Acquire and Preserve Health, Strength and Beauty." Nowhere, outside of a medical college, can be found so extensive an anatomical cabinet as that used by the doctor in illustrating his lectures.

The Telegram-Herald of Grand Rapids says: "Powers opera house was packed from pit to dome last night to hear Dr. Wilbur's lecture on Physical Culture. The doctor is a very able and eloquent speaker, and is perfectly familiar with his subject and we cannot speak too highly of him and his lectures. He richly deserves the success which attends his efforts."

We'll Suppose a Case.

You are nervous and dyspeptic, your appetite dogs, your slumber is broken or disturbed by unreal dreams, or you count the sleepy god in vain. What shall you do? Try an absolute excitant to stimulate appetite, deaden the nerves at bed time with a narcotic? Neither of these. Try Hostetter's Stomach Bitters. It will, believe us, be more than a trial. You will continue to use this justly renowned nerve invigorant and stomachic. It is in the exigency of disease just what is wanted. It is a healthful stimulus to appetite and digestion, does not excite, but quiets the brain and nerves, is an excellent diuretic and a speedy reformer of a disordered condition of the liver and bowels. It counteracts a tendency to rheumatism, nullifies the penetrating effects of overwork, mitigates the infirmities of age, and bastens convalescence. Persons exposed to rough weather should use it as a preventive, as should also tired students and business men.

BISMARCK, Dak., March 22.—The loan agents have triumphed over Governor Miller in their fight against the bill allowing two years instead of one for the redemption of mortgaged property.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

Windmills are used in generating electricity to run the light in the lighthouse at Cape de la Hogue.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

EMULSION
Of Pure Cod Liver Oil with Hypophosphites Of Lime and Soda.

There are emulsions and emulsions, and there is still much skimmed milk which masquerades as cream. Try as they will many manufacturers cannot so disguise their cod liver oil as to make it palatable to sensitive stomachs. Scott's Emulsion of PURE NORWEGIAN COD LIVER OIL, combined with Hypophosphites is almost as palatable as milk. For this reason as well as on the fact of the stimulating qualities of the Hypophosphites, Physicians frequently prescribe it in cases of

William Gebhart, of the Pittsburg machine shop, who had his leg crushed a short time ago, has returned to work.

John Remmert, of the Kerr-Murray works, has returned from Altoona, Pa., where he was on business for the company.

The death of Jerry Lynch, the well known brakeman on the Pittsburg railroad, is referred to in our local columns.

Mr. Joe Sunderland, of the Wabash baggage room, was out in Washington township yesterday to see his venerable father, who is dangerously ill.

William Stephen, son of the chief draughtsman of the Pittsburg shop, took a position as apprentice in the Pittsburg machine shop this morning.

Brakeman A. O. Moore, of the Nickel Plate, fell from a caboose and was badly bruised last Saturday. He is confined to the house under the care of Road Surgeon J. M. Dinnen.

Wm. Rogers, assistant foreman under J. C. Hewes, of the Pittsburg boiler shop, who has been seriously ill for some time, is slowly improving, and will soon resume his position.

General Superintendent Charles Watts passed east to Pittsburg on the Fort Wayne road last night. He was accompanied by his family with whom he spent Sunday at his old home in Logansport.

The Pennsylvania company was asked to build a branch from LaCrosse to Valparaiso, Ind., or, if not disposed to build the road, to back a company which was willing to do it; but, after looking the field over, the Pennsylvania people decided it could not be made a paying link, and gave no encouragement to the enterprise.

President Corbin, of the Reading railroad, has issued the following order: "All superintendents will be held strictly responsible for the enforcement of the rule relating to the use of intoxicating liquors by employes. Men who violate it must be promptly discharged, and proof that a man goes inside a drinking place while on duty will be ample evidence to warrant his dismissal. Men known to drink to excess or frequent drinking places while off duty must be discharged. When employing new men strict inquiry should be made as to their habits and preference always given to those who do not use intoxicating liquors at all. Heads of departments must keep informed as to the habits of the men under them and make sure that these rules are strictly observed."

Charles Stone, chief clerk for E. O. McCormick, general passenger agent of the Cincinnati, Hamilton and Dayton railroad, will, on April 1, take the position of general passenger agent of the Columbus and Hocking Valley road. He was educated in the passenger business under C. H. Rockwell, now general superintendent of the road, who well knows his ability. The position was offered to W. H. Fisher, general passenger agent of the Fort Wayne, Cincinnati and Louisville railroad, but Mr. Fisher preferred to remain in his present position.

There is good authority for stating that the officers of the Order of Railroad Conductors are seriously considering the calling of a special meeting, at which it is proposed to eliminate from their constitution and by-laws the clause which discountenances strikes of railroad employes under any circumstances. The passenger conductors claim that they have stood closer by the roads than the managers have by them. The trouble grows out of the numerous discharges of conductors in the last few months without giving them a hearing or reason for their discharge.

Hood's Sarsaparilla has the largest sale of any medicine before the public. Any honest druggist will confirm the statement.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

On a recent visit to town Mr. R. Dalton, of Luray, Russell Co., Kas., called at the laboratory of Chamberlain & Co., Des Moines, to show them his six-year-old boy, whose life had been saved by Chamberlain's Cough Remedy; it having cured him of a very severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the Remedy. He says it has an excellent reputation in his vicinity; that farmers come fifteen miles to his store for it and that many of them, like himself, are never without it in their homes. For sale by Geo. H. Loesch.

The Sale of Lots to Commence Monday, March 24th at 9 a. m.

All real estate dealers now have the plat of the addition, the prices put upon lots, and the terms of sale.

The Company will consider no lot secured to the purchaser until its sale has been reported to the secretary at the office of the Company and the first payment made.

Up to 9 a. m., Monday, no lot can be secured. Every person given an equal chance for first choice.

Terms of sale, $50 or more down and $10 or more in monthly payments; or one-third down and balance in one and two years.

The company obligates itself to build a fine street along the north bank of the Maumee, not less than eighteen inches above high water mark, thus forever preventing any annoyance from high waters. It also obligates itself to grade all streets and avenues, and put down sidewalks in front of every lot. It further binds itself to plant shade trees in front of all lots, lay out Boulevards, Parks and Lakes and make other improvements certain to make this magnificent addition the finest residence portion of the city.

To carry forward these improvements, the company has appropriated the sum of twenty-five thousand dollars, and work will be commenced at once and be vigorously prosecuted.

At the outset, the prices of lots will be fixed at just about half their real value, the prices thus fixed being subject to an advance on day the company so determines.

At the prices now fixed upon them, every lot ought in double in value within a year.

Why Not Give Everybody a Chance?

EDITOR SENTINEL:—As you are well aware, there was a primary held Saturday at the different polling places throughout the city to select delegates to nominate a democratic ticket on Saturday next. A great many democrats would like to know why proper notice was not given by the democratic township chairman through the columns of THE SENTINEL, of the delegate election, and thus give them an opportunity to come out and vote. What was the result? The entire number of votes cast at the primary Saturday will not equal the democratic vote of the Fifth ward.

This is not as it should be, for we are on the eve of a very important state and county election, and the vote of every democrat will be needed to assure success. A good way, in my judgment, is to get them all interested, and would not this have been a good time to begin. If it was an oversight it shows poor generalship. Or is it possible that the democrats hereabouts are like the democratic state central committee that met at Indianapolis some ten days ago, which seemed afraid of its own shadow, and decided to await the action of the republicans.

Past political history should be heeded by those now at the head of the democratic party, which teaches that every time the party took the aggressive it was successful, while delay of action meant defeat.

The convention on Saturday next should be held at 7:30, p. m., so that the laboring men who have been chosen as delegates can attend and voice their sentiments, and not be obliged to lose a day or to give their proxy to some person who will not vote the sentiments of the constituents represented.

By giving publicity to the above you will oblige A DEMOCRAT.

Our Grand Millinery Opening will take place this week, Wednesday, Thursday and Friday, 26, 27 and 28, to which everybody is cordially invited. MERGENTHEIM'S BAZAAR, Northwest corner Calhoun and Main streets.

A NEW DEPARTURE.

Fort Wayne to Receive a New Departure in Her Business Interests.

Old residents—persons who lived here years ago—never in the history of Fort Wayne knew a time when its progress was as marked as at present. Progression is written everywhere and on all things. This is noticeable, not alone by this class, but even newcomers remark it, and it is this feature which attracts so many strangers. Our merchants keep pace with the rapid improvement, and we see them right up to the times in everything pertaining to their trade. Perhaps no one is more imbued with this spirit of enterprise than is Mr. E. Shuman, a man so well and favorably known in business circles, and indeed throughout the entire county. Mr. Shuman has determined on a departure which is distinctively metropolitan—one which contemplates a business of the greatest magnitude and which is seldom undertaken outside the much larger cities, yet the indomitable will power and energy which he possesses are a sure guarantee that he will be abundantly successful. This is the establishment in Fort Wayne of a department store, or "fair," where everything can be purchased—every conceivable article in use, from a pin to a complete housekeeping outfit. Mr. Shuman has entirely emptied his building at 12 East Main street, and the entire building, first, second and third floors—is being stocked with everything new and first-class—in fact, the finest line of goods ever shown in the city. When we say everything can be secured here, that is just what is meant, and persons need not leave the building to secure all the necessaries used in life, for they can all be found, and the quality is of the best. Such enterprise as this is to be commended, and that the proprietor will be amply rewarded for his labor and outlay by an immense patronage admits of not the least doubt.

The grand opening of the "Fair" has been announced for Thursday, March 27, and the visitors may expect not only a rich treat in the magnificent display of goods, but a surprise as well as the low cost of all things handled by Mr. Shuman, for while the feature is the most metropolitan, the prices remain at the same low figures for which the proprietor is noted for quoting.

In the new enterprise Mr. Shuman will have a general supervisor, but the management is entrusted to Mr. L. B. Marks, a gentleman thoroughly well posted, and one who will prove a great help to the establishment. Messrs. Gilbert and Frank Shuman will also always be found in readiness to greet their friends, and the place is thus well equipped, and all are assured of good treatment. The ladies are especially invited to the opening, and each one will receive a handsome souvenir on the occasion.

"You have a wholesale department," asked a SENTINEL reporter who visited Mr. Shuman this morning.

"Yes, our second floor is devoted to that purpose," was the reply. "We have a complete stock of tinware, glassware, crockeryware, hosiery, and in fact goods in many other lines which will be found here, and our wholesale department will be found to be full in every respect. Five car loads of merchandise having in the last few days been unloaded at our doors, we can show you a line of goods excelled by none. We own our building and, having surface room 120x150, we can fully display all goods we advertise. We will spare no pains to make our place the greatest money saving market in Northern Indiana. Our store will be known as the "Bargain House."

If you fail to attend Mergenthelm's Millinery Opening this week, March 26, 27, 28 (Wednesday, Thursday and Friday) you will miss a treat, as we can conscientiously say that our opening this season will outshine anything ever before shown in Fort Wayne.

She tried everything we could hear of, but found no relief till she tried Hood's Sarsaparilla. She is now taking the third bottle, and never felt better in her life. We feel it our duty to recommend it to every one we know." GEORGE SOMERVILLE, Maxelend, Cook County, Ill.
